ABOUT THE FESTIVAL

Hip Hop Kemp was founded in 2002 and over more than two decades became one of the most respected hip hop festivals on the European continent. Each year it attracted fans from dozens of countries, offering a unique combination of world-class artists, local talent, and an unmistakable community atmosphere.

The festival has always been more than just a music event. It became a meeting place for people across generations, cultures, and borders, significantly contributing to the development of hip hop culture in the Czech Republic and throughout Europe. Following its last edition in 2019, the festival entered a multi-year hiatus. **The year 2026 marks a return to its roots and the beginning of a new era.**

WORDS FROM THE FOUNDER

"Hip Hop Kemp has never been just a festival. It has always been a community connecting people from all over Europe. The return in 2026 is first and foremost about bringing back the energy and atmosphere that our fans remember and love. We want to build on the very best parts of our history while opening the door to a new generation of hip hop fans."
